

SENATE APPROVES BORAH AMENDMENT

IS ADDED TO NAVAL APPROPRIATION BILL BY UNANIMOUS VOTE

Authorizes and Requests President Harding to Invite Representatives of Great Britain and Japan to a Conference Looking Toward Disarmament—LaFollette Talks

(By The Associated Press)
WASHINGTON, May 25.—United States senate approval was given today to Senator Borah's proposal for an international naval disarmament conference.
By a vote of 74 to 0 his amendment was added to the naval appropriation bill authorizing and requesting the president to invite the governments of Great Britain and Japan to send representatives to a conference with representatives of the United States in an effort to reach some agreement on disarmament.

FEDERATION OF WOMEN'S CLUBS PLEDGE ENDOWMENT

Will Also Reorganize Federation Work in the State

(By The Associated Press)
CHICAGO, May 25.—Pledging the raising of an endowment fund of \$90,000, and the reorganization of the federation work into six instead of 12 divisions were the outstanding things accomplished at today's session of the annual convention of the Illinois Federation of Women's Clubs.
An hour and half of spirited debate failed to result in a change in the state membership dues from 10 cents to 25 cents. Endorsement of the campaign to increase the membership to 100,000 was substituted. The federation also voted to incorporate.

The following resolutions will be acted on at tomorrow's session:
Text of Resolution.
"That the federation urge President Harding immediately to invite Great Britain and Japan to a conference to arrange a reduction of armaments by agreement."

"That the members of the federation pledge themselves to wear 20 yards of cotton within the next three months as a contribution to the south in the present exigency."
"That the Chicago morning papers be petitioned to refrain from featuring criminal news of all kinds."

The chief talk of the day came from Mrs. George Bass, former chairman of the women's Democratic national organization who asserted that "Illinois men are more friendly, more reluctant to admit women to any sort of real partnership in governmental affairs and party management than the men of any other state."
She urged her hearers to capitalize the power which they now wield thru the ballot.

WILL ASK FEDERAL LAWS TO IMPOSE PRISON SENTENCES

Samuel Untermyer Would Reach Building Trust Members

(By The Associated Press)
NEW YORK, May 25.—Congress will be asked to amend the federal laws to compel imposition of prison sentences on convicted members of the building materials combinations, Samuel Untermyer announced today before the Lockwood legislative committee of which he is chief counsel.

The committee's recommendation for remedial state legislation also would be pressed, he said.
"I have been unable to discover an article that enters into building construction," Mr. Untermyer said, "that is not the subject of combination and have reason to believe that this is true of at least one half of all the vast industries of the United States outside of the building trades."

The investigator's declaration was made after testimony by Herman Petrie, former president of the Atlantic Coast district of the Tile and Mantel Contractors' association, showing an iron-clad agreement between the association and the International Union of Bricklayers, Masons and Plasterers.

Combinations Exposed.
"A number of the combinations that have been exposed by the commission," Mr. Untermyer said, "representing in all probably 500 or more corporations and individuals, manufacturers, jobbers, contractors and dealers, connected with the building trades have disavowed their organization and have in good faith resumed competition as the law requires. Many others have pretended to do so but are not acting in good faith, while still others, and among them some of the most powerful in the land, amenable only to federal jurisdiction, are defiantly continuing their illegal operations under various pretexts."

Mr. Untermyer said that until the committee is in a position to present a comprehensive construction bill, he will continue to present a plan of legislation in form of a drastic federal and state supervision and control of trade associations the public authorities must be urged to keep a close watch on the efforts of the investigation and ascertain whether the promises of disavowal have been kept.

Worst Breeding Nest.
"The worst breeding nest for the local combinations that are operating in violation of law," he continued, "is the building trades employers' association to whose operation counsel proposes to give close study with a view to determining whether there are sufficient grounds for criminal prosecution against the responsible officials of that association."

"I am no alarmist and have unbounded confidence in the soundness of our institutions, but my great fear is that the country either does not sufficiently realize or has become callous to the perils that lurk in the social underworld and piracy of these combinations that infest the land from end to end."

Petrie admitted the National Association of Tile Manufacturers had contributed to the defense of a Chicago local charged with having an exclusive contract with the unions. The witness also admitted that a "code of practice" had been adopted by the national association in 1919.

PAYMENT WILL OPEN GREAT OPPORTUNITIES

(By The Associated Press)
NEW YORK, May 25.—Great opportunities for North American business interests will be opened in Colombia upon payment of \$25,000,000 to the country by the United States in consideration of settlement of the Panama controversy members of the Pan-American Advertising Association were told today by Earl Harding of the Colombian commercial corporation.

Much of this money will go for construction of new railroads, Mr. Harding said, and virtually all payments will be utilized for public improvements.

Mr. Harding, who has spent several years in Colombia, predicted that the Colombian congress meeting in July would ratify the proposed treaty without much debate.

TELEPHONE SUBSCRIBERS MAY CUSS ONCE

Jefferson City, Mo., May 25.—Telephone subscribers have a right to use abusive language once to telephone operators when connections are not satisfactory, the state public service commission ruled today.

The commission stated that a single instance of use of abusive language was not grounds for discontinuance of service. Mention of a similar decision by the Illinois commission was made.

Fighting Resumed In Tug River Zone

WILLIAMSON, W. Va., May 25.—State police headquarters here received reports tonight that a West Virginia state trooper and a Kentucky National Guardsman were killed at Nolan when fighting in the Tug River zone was resumed.
Captain Norton of the state police sent the report of the killings to Captain J. R. Brockus, the latter said.
Private Kackley, a West Virginia trooper and Manley Vaughan of the Kentucky militia, were killed and George Crum, a civilian was wounded, the advice said.

When word of the shooting was received state police officials ordered the Norfolk & Western railroad company to prepare a special train for an immediate run to Nolan.
Nolan is located on the West Virginia-Kentucky border on the Tug river, opposite the line which divides Pike and Martin counties, Kentucky.

Captain Brockus said his reports from Norton, indicated that two men, Victor Elkins and Clyde Harper had been arrested in connection with the fight. They were charged with carrying arms, he said.

CONFERENCE FOR DISARMAMENT IS URGED BY ASSEMBLY

Resolution Was Presented to Assembly by W. J. Bryan
(By The Associated Press)
WINONA LAKE, Ind., May 25.—Calling of a conference of the nations for the purpose of securing progressive disarmament was urged upon President Harding by the 133rd general assembly of the Presbyterian church in the United States of America. The assembly passed the resolution appealing for the conference following its presentation by W. J. Bryan.

Adoption of the resolution was speedily accomplished without debate following an explanation of Mr. Bryan that it represented no radical steps in the matter of disarmament.

Passage of Mr. Bryan's resolution came at the close of a day occupied with the reports of numerous standing committees of the church. The reports of the permanent judicial commission also came before the assembly during the day and the commission's ruling affirming the process by which Rev. John R. McElmoye was relieved from his pastorate of a church at Elkton, Maryland, was approved.

Rev. McElmoye's case has been before various bodies of the church for several years following his removal as pastor of the Presbyterian church at Elkton, which investigated charges that he had performed numerous marriages of eloping couples who came from the neighboring states of Pennsylvania and Delaware.

There is no problem of unemployment among ministers of the Presbyterian church, the permanent committee on vacancy and supply asserted in its report this afternoon.

Among resolutions offered by the committee and adopted by the assembly was one declaring that for full time service of a pastor the annual support should not be less than \$1,500 and Manse for a married man and \$1,500 for a single man.

APPEALS TO AMERICA TO FIND SOLUTION

French Deputy Says Coming Hour is Hour of America—Premier Briand Replies to Criticism

Paris, May 25.—A strong appeal to America to find a solution to the European situation was voiced by M. Noblemaire in the chamber of deputies today during the discussion of the government's foreign policy.

"The coming hour is the hour of America," he said. "Why should not America impose precise conditions for the execution of certain clauses of the treaty, for instance, reparations and disarmament?" Premier Briand, again replying to criticism, said:

"Our program is clear and definite. There is no room for discussion. Our decisions are communicated to Germany, penalties are ready to be enforced."

The reichstag has approved the Wirth cabinet which has declared its readiness to fulfill Germany's obligations and, if Germany should attempt to default, France knows what remains to be done. But I have no right to say the German government is composed of men who will try to evade their obligations.

"We have before us a debtor who has declared his readiness to pay. We have the necessary strength to act if he does not. I believe it is to France's honor to act with moderation and await developments."

WILL TRY TO FIND STRIKE SOLUTION

London, May 25.—The government has decided to make an effort to find a solution of the situation created by the coal strike and will summon the miners and the mine owners to a conference Friday, Austin Chamberlain, the government leader, said in the house of commons today.

DUBLIN CUSTOM HOUSE IS BURNED BY SINN FEINERS

Armed Force of Sixty Seize Building and Set it On Fire

(By The Associated Press)
DUBLIN, May 25.—The Dublin custom house is in ruins tonight and all the most important documents of the government relating to Ireland, together with papers and records, the value of which cannot be estimated have been destroyed.

This, Dublin Castle officially announces, is the work of Sinn Fein forces, which early this afternoon made the most formidable attack against government property that has been engineered since the present rebellions began.

Department employees housed in the building were made prisoner, vast quantities of petrol were poured over the interior and fire was applied.

The Sinn Feiners occupied the custom house and met the soldiers with a heavy fire. Machine guns and rifles responded and a strong cordon was thrown around the building.

Raiders Shot Down.
When the flames became too hot the raiders attempted to make their escape thru the doors, but several were shot down and killed and many wounded. According to the official statement, seven civilians were killed, eleven were wounded and 111 captured. Four auxiliaries were wounded.

Crown forces in a dash entered the building and made many captures. Some of the raiders were saturated with petrol and it is believed that several met death in the raging flames.

The building, of which nothing remains but the shell was erected during the Irish parliament and was one of the most beautiful buildings in Ireland. It had little to do with the customs, but housed many of the chief administration departments, and its destruction is more disabling to the ordinary machinery of the government than if Dublin Castle had been burned.

The loss of the government board whose function is to control all Irish representative bodies had its offices in the building. This board has been in constant conflict with various bodies repudiating allegiance to it and allying themselves with the Dail Eireann and its records now are completely destroyed.

Shortly before two o'clock numerous young men, heavily armed, entered the custom house and held up the staff assembly in the vestibule under guard. Two dozen boxes, each containing four tins of petrol and four bales of cotton waste were passed into the building.

Invaders Numbered Sixty.
The invaders are said to have numbered about 60 some carrying two revolvers each. Three policemen who came in to see what was happening were promptly seized.

Petrol was poured over the most important documents and the building was set on fire.
The fire brigade was prevented from reaching the scene by armed bands. Auxiliaries soon arrived in military lorries and the raiders fired on them from the building and eventually made a sortie. A regular battle ensued.

Reinforcements of crown forces kept arriving and, under their protection the fire brigade got to work but their task was hopeless. Troops poured into the district, Lewis guns and machine guns from armored cars were leveled on the building and every effort was made to hem in and capture the incendiaries. By 4 o'clock about 50 men had been arrested and carried away in military lorries.

At 6 o'clock this evening the custom house was still burning.

HIGH DROP IN EGG PRICES OVER YEAR AGO

Chicago, May 25.—Fresh eggs quoted at 41 cents a dozen wholesale May 19, 1920, dropped to 20 cents a dozen up to May 19 this year, according to figures made public today by the Chicago Mercantile Exchange. Butter and cheese, the figures show, have declined similarly.

IMPROVED CONDITIONS IN TEXTILE INDUSTRY

Boston, May 25.—The state department of labor and industry today announced that its reports indicated improved conditions in the textile industry, that the demand for boots and shoes persisted, although the majority of plants were still on reduced schedules and that the metal and machinery trades were dull and without signs of improvement.

MORE LOW BIDS ARE RECEIVED FOR HARD ROADS IN ILLINOIS

Governor Small Scores Another Victory in His Determination to Secure Maximum of Road Building at Minimum Cost—Bid is Nearly \$5,000 Below Maximum Limit Set

(By The Associated Press)
SPRINGFIELD, Ill., May 25.—Governor Small scored another victory today in his determination to secure maximum of road building at minimum cost.

Bids were received for bond issue roads in Vermilion, Ford and Lake counties. While contracts will not be awarded until the figures have been carefully checked, all the work will be done at well under the maximum figure of \$30,000.

For the sake of comparison, the figures received on bond issue road number one, section ten, Vermilion county, consisting of 2.04 miles are illuminating. This road is to be built eighteen feet wide with concrete.

The board of supervisors of Vermilion county was the low bidder. Its figures for the job complete without cement was \$38,466.78, or \$18,856.00 per mile. Adding \$7,000 for cement the cost per mile will be \$25,466.78 or \$5,000 under the maximum limit set by Governor Small.

The bidding of the Vermilion county board is one of the interesting features of the day. It is the first time in history of the state that a county has appeared as bidder, his development being made possible under the provisions of the Holiday bill introduced by Senator William B. Holiday, as an administration measure recently passed by the general assembly.

Governor Small urged the passage of the bill confident that Illinois counties would be able to build roads in many instances much cheaper than the private contractors.

WITHDRAWAL OF AMERICAN FORCES IS DISAPPROVED

Believe That Question Should Be Left With the President

(By The Associated Press)
WASHINGTON, May 25.—A resolution disapproving the proposal in congress for immediate withdrawal of American forces from Germany was adopted tonight by the national committee on military policy of the American Legion. The committee went on record against the "withdrawal of American forces on the Rhine by congressional resolution" and declared that the question should be left to the discretion of the president. The committee also took up the question of alleged discrimination against national guard and emergency army officers in army promotions.

Members claimed that although the law provides that not less than 50 per cent of vacancies in the army should be filled by emergency officers "practically all the appointments to emergency officers recently have been in the grades of lieutenants and captains while all appointments of higher grades went to West Pointers."

It was decided to take the matter up with Secretary Weeks, Chief of Staff March and General Pershing.

BELIEVE DEATHS SUICIDE PACT

CHICAGO, May 25.—What is believed by police to have been a suicide pact between two middle aged sisters was discovered today in the deaths of Mrs. Adena May, 43, and Mrs. Sallie Rainer, 45, a widow, in their gas filled apartment.

A neighbor, attracted by the odor of gas, called the police, who found the bodies of the two women on the floor in the kitchen. Hoses connected with a gas range were held in their mouths. A note found by the police contained the following:

"Forgive us, but we could not stand it any longer."
Mrs. Rainer had been ill for some time and was being cared for by her sister.

MINNETONKA COUNCIL CONFERRED DEGREE

Minnetonka council No. 71 D. of B. conferred the degree of the order on four candidates at the regular meeting held Wednesday evening. Those receiving the degree were: Bertha Sturgeon, Hazel Myers, Oma Boyd and Ruth McDonald.
Following the business session and work refreshments were served and a social hour enjoyed.

WILL SAFEGUARD FREEDOM OF THE PRESS SAYS HAYS

Says its Integrity Must and Shall be Scrupulously Observed

(By The Associated Press)
WASHINGTON, May 25.—Laws safeguarding the integrity and freedom of the press "must and shall be also scrupulously observed," Postmaster General Hays declared today in announcing the granting of an application of The Liberator, a monthly magazine of New York City, for second class mailing privileges.

The application has been pending since February 11, 1918, and Mr. Hays said the department records showed every issue since then as offered monthly for mailing, had been accepted at the third class rate of postage.

The Liberator will be refunded \$11,277, the difference which it paid over the second class rate.

The publication is edited by Max Eastman also editor of The Masses, which was denied the mailing privileges in 1917.

Want Mailing Privileges.
The postmaster general announced also that The Call of New York and Victor Berger's paper, The leader had filed applications for re-entry under the second class mailing privilege, and if they were found to comply with the law the applications would be granted. The Call's previous action brought against the department for denial of certain mailing privileges is pending before the courts.

The postoffice department holds no brief for The Liberator or any other publication," Mr. Hays declared. "If there is a conspiracy to destroy our established form of government by force and violence, claimed by the department heretofore as a reason for not granting this permit, and if this publication is involved in it then the department of justice will deal promptly and effectively with the conspirators in the manner prescribed by law."

"The mail exclusion statutes," Mr. Hays continued, "will be vigorously enforced by the postoffice department, but in so doing we will carry out the purpose of such non-mailability law. The purpose is to bar the prohibited matter entirely from the mails and not simply exclude it from the particular class of mail which carries a lower rate of postage and then admit it to that class which requires a higher rate for the same laws govern the mailability of matter in each class."

MEMBERSHIP DRIVE IS PROGRESSING

While farmers are busy at this season of the year there is still progress being made in the drive for memberships in the Morgan County Fair association.

Yesterday Clifford Davis of 15-9 reported that he had secured 44 names for membership and expected to have fifty or more from his township. It is probable that when other captains begin to report they will also report success. Mr. Davis, however, believes he will top any township in the county when they are all counted.

There may not be much in a name, but for some people the hotel at a certain Michigan resort would prove more attractive under some name other than The Buggy House.

Secretary Hoover has secured an appropriation which will aid in opening the way to foreign trade for the U. S. This is one of the projects which will help in stabilizing business conditions in the U. S.

The better prices now prevailing for wheat give indication that the low price point for farm products has been passed. Conditions are growing constantly more encouraging for the farmer, and he certainly needs the encouragement.

It is noteworthy that the senate has not taken advantage of the supreme court decision to drop the Newberry case. There is to be an investigation of the charge of huge expenditures by the Michigan senators. A sincere investigation of this kind will give the senate added respect.

Hard roads are to be built in Vermilion and two other counties at about \$25,000 per mile, in accordance with bids opened yesterday. This is a very forceful way is Gov. Small's attitude on the good roads program sustained. The governor has insisted that there shall be no extensive road building work until prices come as low as \$30,000 a mile. The new figure is more than 15 per cent below the governor's requirement.

The U. S. senate by unanimous vote yesterday favored the Borah proposal for a disarmament convention. There are disagreements in Washington as to the possibility of bringing about an international disarmament program, but there seems to be a general belief that disarmament is the thing if it can only be shown practicable and that the great powers of the earth are sincere about it.

There has been quite a generous response to the request for automobiles to convey old soldiers on Decoration day. This is certainly as it should be for the number of veterans of the War of the Re-

bellion is constantly less. It is a sad fact to remember that in only a few more years there will be no need on Decoration day to provide cars for the veterans of the '60s. The ranks are thinning rapidly.

There were more than 67,000 calls answered in the Chicago telephone exchange during the month of April and the records show that the mistakes made were insignificant by comparison with the vast number of calls. There has been a marvelous development of the telephone business in Chicago in the past ten years. In size and efficiency the service far outstrips that in the great cities of the old world, due to American push and ingenuity.

The heavy majority given the Illinois commerce commission bill in the general assembly indicates general dissatisfaction with the law under which the public utilities commission has been operating. There are numerous good provisions in this bill, tending to protect the rights of the people. However, the general public will be provisioned with much favor up the provision of railroad passes for all members of the legislature and state officers.

FIFTY SUCCESSFUL MEN.

Of fifty men of fame and fortune in this country only nine had rich parents and twenty-four rose from the ranks of the poor. Thirty-two of them were born on farms or in small towns. Among their original occupations were those of errand boy, newsboy, clerk, coal miner and grocer's boy.

This is the land of opportunity. The poorest boy may rise to wealth and honor. The only foes the American boy faces are ignorance, indolence, extravagance and self-indulgence. No iron heel of custom, caste, government or oppression holds him down. His future is in his own hand to make or mar. This is indeed the land of the free. Power, prominence, usefulness and success are his to win, if he so wills. — (Chicago Journal of Commerce).

SHOWERS ALL AROUND THE CITY WEDNESDAY

There were high hopes in Jacksonville yesterday of a rainfall but there was disappointment instead. The hope for rainfall was founded partially on the fact of showers all around Jacksonville. There was a good down-pour of rain at Prichard on the north and on the south the rain area extended from Pisgah to Waverly.

HAD PAINFUL FALL.

Miss Hattie Underwood is confined to her home by a sprained knee. The accident happened Sunday as she was alighting from the street car. In some way she slipped and fell, giving her knee a painful twist. It will probably be several days before she is able to be about again.

GOOD ROADS MEETING IS HELD AT WOODSON

Good Roads Boosters In Large Numbers Go From This City to Chicken Pie Supper at Woodson Wednesday Evening—Informal Talks Made.

Ten automobile loads of good roads boosters went from Jacksonville to Woodson Wednesday night. They took with them the military organ owned by the Elmer Co., which had been mounted on a truck for this expedition. Arrived at Woodson, the Jacksonville good roads men enjoyed a chicken pie supper at the Christian church and then an informal good roads meeting was held.

M. Tomlinson gave the call to order and made a brief talk. Then here were short inspirational addresses by W. E. Sullivan, L. V. Baldwin and others. There was a lot of sentiment and enthusiasm for good roads and a number of new members for the Morgan County association were secured.

This is one of a series of expeditions into the country to be taken by the good roads advocates. The serving of the supper was in charge of the Ladies Aid Society of the Christian church, of which Mrs. Emma Taylor is the president. As a result of their efforts the members of the society were able to add something more than \$50 to their treasury. The menu included chicken pie, mashed potatoes, cabbage salad, pie a la mode and ice tea.

TWO INJURED WHEN TEAM RUNS AWAY

Mrs. John Bourn and Son Receive Painful Cuts About the Head and Face.

Mrs. John Bourn and her six years old son, John, Jr., received painful cuts and bruises about the head and face when a team Mrs. Bourn was driving ran away about 7:30 o'clock Wednesday morning.

The Bourn home is a few miles northeast of the city. Wednesday morning Mrs. Bourn hitched a team to a wagon with the intention of taking it to her husband in the field. She had the boy in the wagon with her when the team became frightened and ran away.

Both were thrown out and struck against a fence. Mrs. Bourn received severe cuts on the front and back of the head and numerous cuts and bruises. They boy received a deep cut on the left side of the face.

Dr. J. M. Wolfe was called and gave the necessary surgical attention. It required about thirty stitches to close the injuries of Mrs. Bourn. The boy was brought to Passavant hospital by Dr. Wolfe and given attention and then taken back to his home. It is not believed that either is injured internally and their recovery is only a matter of time.

COTERIE MEETS AT CHAPIN WEDNESDAY

Club Members Entertained By Mrs. W. R. Zahn—High School Students Had Weiner Roast—Other Chapin Items.

Chapin, May 25.—Mrs. W. R. Zahn very delightfully entertained the "Coterie" Wednesday afternoon. There were eighteen members and five guests present. Roll call was answered by current events and some very interesting items were discussed.

Mrs. L. P. Cowdin gave a very good review of the founding and work of "The United States Military and Naval Academies." Several Victoria numbers were then enjoyed. A happy feature of the afternoon was a miscellaneous shower, honoring Miss Hester Deitrick, who is to become a bride June first. Many dainty and useful gifts were given. Mrs. Hester by the club members. During the social hour delicious refreshments were served by the hosts.

Mrs. Grover Smith spent Monday in Jacksonville.

Mrs. Carl Kaehle left Tuesday for Alexander to visit her daughter, Mrs. Fred Tholen.

Mrs. E. E. Stiles was shopping with Jacksonville merchants Tuesday afternoon.

Mrs. Ada Funk went to Jacksonville Wednesday to visit her daughter, Mrs. Lloyd Ross.

The Chapin high school alumni association held a business meeting Tuesday night at the home of Miss Hazel Antobius.

BUCKTHORPE BROS. BUY PARAMOUNT SERVICE

By a very fortunate deal the owners of the Rialto theater have secured the Paramount service and have already commenced to run the pictures on their screen. The first picture was the justly celebrated Dorothy Gish in "Flying Pat," a beautiful picture shown for the benefit of the endowment fund of the Illinois Woman's college. The next picture will be shown June 9 and regularly thereafter. "Conrad in Quest of his Youth" will be the next Paramount picture to be shown here.

Most of the great stars of the screen will now appear on this Rialto screen, including those in Paramount, United Artists, Vitagraph and Pathe, besides many in the smaller agencies. The Mark of Zorro comes Monday.

WILL BEGIN SALE OF POPPIES FRIDAY

American Legion Plans to Make it Decoration Day Flower.

The American Legion is planning to make the poppy the national Decoration Day flower and will make an effort to have all citizens wear it on Decoration Day.

To this end Jacksonville Post No. 279 American Legion will begin a sale of poppies to be used on Monday. This sale will be in charge of Mrs. Lee Alcott, of the Service Star Legion which is working in conjunction with the post. It is the hope of the post that all citizens will respond liberally and that as a result every one will wear one of the flowers on Monday.

Keep Cool And Look Well This Summer

—By way of introduction—I often wonder what is meant by the words "weaker sex."

—Being in the clothing business—the making of good clothes—I notice such things, and I find that it is quite possible for a lady to wear furs in August with apparent comfort. It may be all right, but men like to feel cool, look cool and actually be cool.

—I have made a study of cool clothing and am now prepared to make up men's summer suits from a wide selection of splendid cool cloths.

Poruscloth Tropical Weight Worsteds and Palm Beach

—Some men have held the erroneous notion that a suit made from these light weight cool materials will not hold its shape and look well. Such a notion is all wrong—if your suit is tailored to order, made to fit you, from one of the materials mentioned here, it will look well until it finally is worn out. The secret is in the making. Summer Suits from these materials will be appropriate for all but the most formal occasions, and look the part.

—Prices very fair this season.

—Drop in and make your selection now.

—Be ready for the coming warm days.

THE PICK OF THE PICTURES

The Lady Jermyn, a schooner carrying a cargo of gold and several hundred passengers, was destroyed by an explosion of gun-powder on the high seas. The men who staged the deed planned that all should perish. They wanted no evidence against them and their theft of the gold. One man lived. For days he drifted on a hatchway, part of the wreckage of the Lady Jermyn. He matched his wits against the plotters, thus making one of the most wonderful stories ever told on the screen.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly pimples should certainly try this simple method.

"Gets-It" Ends All Corns

Just As Good For Calluses. Money Back If It Fails.

Thirty seconds after you touch the corn with this liquid corn remover the itching, stinging pain of it stops for all time.

Simple As A, B, C.

No corn, hard or soft is too old or too deeply rooted to resist "Gets-It." Immediately it dries and shrivels, the edges loosen from the true flesh and soon you can peel it right off with your fingers as painlessly as you trim your nails.

Don't coddle corns. Don't nurse and pamper them. Don't cut and trim them. REMOVE them with "GETS-IT." Costs a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago.

Q. MAY CHANGE TRACK OUT OF WHITE HALL

Railroad Contemplates Straightening of Track North of White Hall—Gregory Farm Laboratory Busy—Other News.

White Hall, May 25.—A visit of a couple of Burlington railroad officials to White Hall Tuesday may mean the changing of the grade and straightening the track out of White Hall north. Roadmaster George Stewart was accompanied by W. E. Threep, maintenance expert, and here lies an interesting tale. Mr. Threep was originally a civil engineer with the Burlington, and forty years ago made a survey for this proposed change. He has since consistently and continuously advocated it.

Mr. Threep in the latter eighties and early nineties was division superintendent at Beardstown. He then became general superintendent, and for some years has served in the capacity of maintenance expert. He now thinks that all the powers have come together on the arrangement, which would put the railroad crossing here to the north-east, but he says that nothing will be done until the present crossing wears out. This will be a huge job, but it is something that is necessary in order to give

this division its proper tonnage rating.

The pull out of White Hall is one of the longest and hardest on the division. During the period of government control numerous surveys were made in the vicinity of the railroad junction, and it is now firmly believed that something is going to be done of an important character, and there is a growing belief that the re-opening of the West Roadhouse interlocking plant hinges on the developments that are now taking place, in which it may turn out that the C. & A. has an interest. Mr. Threep was surprised to find C. C. Withrow in charge of the interlocking plant, as Withrow was agent at Swan Creek when Threep was superintendent at Beardstown.

Big Shipments of Serum

Gregory Farm laboratory is getting organized for running full force on account of the increasing demand for hog cholera serum and virus. Last week the shipments aggregated 50,000 cubic centimeters, and this week the shipments will run as great. This institution was last week by Dr. J. W. Goss of East St. Louis, inspector in charge of serum and virus control in the territory that embraces White Hall, and he was satisfied with the inspection of Dr. A. C. Edwards who has immediate charge on behalf of the federal government. A large number of hogs are slaughtered when operations are in full blast, and the meat is expressed to packing houses, while the blood goes through a scientific process of sterilization and is finally made into hog cholera serum. The increasing demands upon the local plant are in no small part due to the claim that it is located away from the larger stock centers that eliminates the possibility of contamination to a minimum.

News Notes

Mr. and Mrs. O. A. Ruckel were in Kansas City this week.

W. S. Corsa is in Chicago.

The condition of Mrs. Cynthia Tanner causes her death to be hourly expected, and Mrs. Henley Wilkinson and E. E. Hyatt are both at the point of death. Obadiah Denham is very low.

M. Corbett, president of the union station, and H. H. Banks, union station agent, and then broke away in a determination to visit folk, and this time his determination won, as might be expected to be the case.

Mr. and Mrs. Floyd Trunnels have returned to Kansas City, after a sojourn with his parents, Mr. and Mrs. J. W. Trunnels. Floyd has a fine position with Morris & Co.

Miss Nell Morgan has been entertaining some lady guests from Beardstown.

Mrs. Emil Schram and G. R. Waddell, Hillview members, were hostesses at the last meeting of the young married folks' club in their handsome new quarters in the Chapin building. It was in the form of a card party.

CAFFEIN IS SAFE STIMULANT

Scientists Say That Taken in Moderate Quantities It Has No Harmful After Effects.

Boston, May 25.—By The Associated Press.—Caffeine in the moderate quantities consumed by the average coffee drinker is declared to be a safe stimulant without harmful after-effects in a preliminary report of a scientific investigation conducted at the Massachusetts Institute of Technology, since June, 1920. The investigators directed by Professor Samuel C. Prescott, head of the department of biology and public health who makes this announcement of the first findings of their research, are now at work to isolate and identify the other constituents of the coffee bean, especially those which determine the flavor and aroma. Preliminary to studying the best methods of brewing beverage coffee.

"The effect of caffeine is known," says the report. "For the great majority of normal individuals it is a mild stimulant of the heart increases power to do muscular work, increases concentration of mental effort and therefore the power to do more brain work. It is not followed, except in excessive doses by undesirable after effects. A few people are especially sensitive to coffee, and for them its use is not to be recommended. In these cases the abnormality is in the individual rather than in any inherent poisonous or deleterious property of the caffeine itself.

"Caffeine can be taken by the vast majority of healthy adults, without subsequent narcotic or depressant effect, provided it is used in moderation and not abused. Excessive amounts induce temporary disturbances in the central nervous system but these do not cause any permanent injury. It is equally true that other normally harmless substances such as salt, sugar or condiments when used in excess may also produce untoward symptoms which are often severe. Our studies lead us to entire agreement with the results stated by Hollingworth that when taken with food in moderate amount, caffeine is not in the least deleterious."

MISS FRANCES LECK MARRIED WEDNESDAY

Weds Gene Bailey of Virginia in Springfield — Is Youngest Daughter of Mr. and Mrs. Andrew Leck.

Miss Frances Leck of this city and Gene Bailey of Virginia were united in marriage in Springfield Wednesday. The ceremony was said by the Rev. F. H. Havighurst, pastor of the First Methodist church, at the parsonage, 704 Fifth street.

The bride is the youngest daughter of Mr. and Mrs. Andrew Leck of 719 West North street. She was born and reared here and educated in the public schools of the city. She is a member of Grace church and a young woman whose charm of manner and genial ways have won for her many friends.

The groom is a member of one of Virginia's well known families. He is engaged in the automobile business with his brother. He is one of Virginia's rising young business men and highly regarded in his home city.

They will make their home in Virginia and will have the best wishes of their friends for a prosperous and happy married life.

WILL RESUME HEARING IN STILLMAN CASE

Announcement is Made By Mrs. Stillman's Attorneys That Case Will Come Up Next Wednesday.

(By The Associated Press)

New York, May 25.—Hearings in the divorce suit brought by James A. Stillman, wealthy banker, against Mrs. Anne U. Stillman, will be resumed next Wednesday before Referee Gleason at Poughkeepsie. This announcement, made by one of Mrs. Stillman's attorneys today, was taken as an indication that the settlement negotiations said to have been under way had come to a halt.

Refusal of Mrs. Stillman to comply with her husband's demand that she live abroad from five years after the suit has been formally withdrawn was reported to be the reason for the action.

Another condition alleged to have been imposed by Mr. Stillman's attorneys, was that she give her consent for the children to choose between their parents. This, it is said, she has declined to do.

Mr. Stillman's offer is reported to have excluded the withdrawal of his suit, legal recognition of the legitimacy of the infant, Guy Stillman, and the granting of an allowance of between \$50,000 and \$90,000 a year to Mrs. Stillman. The first witness Wednesday will be Dr. Hugo Russell of Buffalo, a chiropractor, who has testified that the banker was not the father of her youngest child. He will be heard in cross-examination.

NORTHWESTERN SHOPS WILL CLOSE SATURDAY

Escanaba, Mich., May 25.—The Chicago & Northwestern Railroad shops, doing the heavy repairing for the division here, will close down Saturday for an indefinite period, according to an announcement posted at the shops today. The shops will not re-open until business conditions warrant, it is said. It is estimated that about 300 employees will be affected.

Entered Ladies Aid.

Mrs. Julia Mandeville was hostess to the members of the Catholic Ladies Aid Society at her home on West College avenue.

Miss Loving Talked to Sinclairs.

Mrs. James Wilson was hostess to the members of the Sinclair Country club yesterday afternoon at her home in Sinclair. Miss Loving, the Red Cross, Anti-Tuberculosis nurse of Jacksonville gave a splendid talk. She told of the modern methods of fighting tuberculosis, of the fine sanitarium that Morgan county is to have, and what a great thing this sanitarium will be for the community.

After the talk a pleasant social hour was spent and the hostess served cold refreshments. There were a number of guests at the club meeting yesterday.

Kresge Girls Enjoyed Picnic.

The girls of the Kresge Five and Ten Cent store enjoyed a pleasant outing last evening when they all got in a truck and drove out to the country for supper. Mr. and Mrs. G. W. Edman, the manager of the store and his wife, and Mr. and Mrs. Clark accompanied the girls. There were about fifteen in the party.

The girls prepared a fine supper which was eaten out in the woods. Mr. Edman furnished ice cream for the party. The people stayed for a while, took a ride and had a general good time before returning to their homes.

Business College Had Picnic.

The students at Brown's Business college enjoyed a picnic at the park last evening. They all drove out after school, taking well filled picnic baskets along. A fine supper was served at six o'clock. After supper the students enjoyed the different amusements of the park, many of them attending the dance in the pavilion.

Gave Party for Miss Lucille Coverly.

Mrs. Alfred Coverly gave a pleasant little party Tuesday evening at her home on Franklin street in honor of her daughter, Miss Lucille. The event was the young lady's sixteenth birthday and twelve of her friends were invited to spend the evening. A very happy time was spent with music, games and dancing, and during the evening the hostess served ice cream and cake.

Brooklyn Aid Held Birthday Social.

The Brooklyn Church Ladies Aid birthday social was held this afternoon at the home of Mrs. C. A. Boruff on South West street. She was assisted by Mrs. Charles Curtis and Mrs. John Kastur. The following program was rendered:

Onward Christian Soldiers—The Society.

Lord's Prayer in concert.

Reading—Miss Dorothy Randall.

Reading—Mrs. Bossarte.

Recitation—Miss Dorothy Tendick.

Miss Anne Fowler presented the problems of the Social Service League.

After the program a social hour was enjoyed and delicious refreshments were served by the hostess. The next meeting will be held the second Wednesday in June. The place will be announced later.

Catholic Ladies Aid Met Wednesday.

Mrs. Julia Mandeville entertained forty members of the Catholic Ladies Aid society Wednesday afternoon at her home on West College avenue. During the business session it was decided to hold a cake and apron sale on Saturday, June 4, at the Jacksonville Plumbing Co. store on West State street.

Birthday Dinner at Tribble Home.

Mr. and Mrs. Newton Tribble entertained a number of friends and relatives at a birthday dinner Sunday at their home, 731 North Main street, in honor of Mrs. Tribble's mother, Mrs. William Hayes of Winchester, and their little son, Master Floyd Eugene Tribble. A sumptuous dinner was served in the dining room, which was prettily decorated with roses and ferns. Both guests of honor received numerous birthday gifts.

The guests were Mrs. R. H. Scott, Robert Newingham of Beardstown; John Sutter, Mrs. Anna Lowder and Mrs. Gertie Quinn of Lowder; Mr. and Mrs. Clinton Stout and Alice Great-house, Mr. and Mrs. Ralph Carter, Mr. and Mrs. Oscar Tribble, Misses Mary Tribble, Lena Mead, Ruth and Jane Sullivan, May, Katherine and Mary Butcher, Margaret Louise Carter; Messrs. William Mead, Lloyd Hayes, Arthur and Clarence Stout, Russell and Ralph Carter, John James and Henry Butcher, Clarence and George Scott, Davis Tribble, Louis Tribble, Otis Hayes and Mrs. William Hayes.

Dinner Dance in Honor of Passavant Graduates.

The Alumnae Association of Passavant hospital gave a dinner dance Wednesday evening at the Colonial Inn in honor of the graduates of the class of 1921. Pink roses were used in the decorations and an elaborate dinner was served. Then came the dancing program. In addition to this the class prophesy added a great deal to the pleasure of the occasion. Each member of the class read a prophesy relating to the future of another member and the symposium of views thus expressed was very interesting.

The graduates this year are Misses Lucetta Hutchison, Ada

Howell, Margaret Irving, Florence Buchanan and Marie Weder.

A number of telegrams and letters were read from members of the association who were unable to be present. Arrangements for this very happy event were made by Misses Gladys Knopp, Marie Bridges and Verne Mulligan.

MULES ARE WORTH MORE THAN HORSES

Price Through Illinois Averages \$20 More—St. Clair County Has Most Mules.

Springfield, Ill.—(By A. P.)—The average Illinois mule is worth \$20 more than the average Illinois horse.

Figures giving county statistics on the horse and mule in Illinois have just been published here by S. D. Fessenden, Agricultural Statistician of the Federal Bureau of Crop Estimates. Most mules on January 1, 1921, Mr. Fessenden says, were found in St. Clair county, and most horses in McLean county, but the best mules were found in Woodford county and the best horses in Iroquois county.

Illinois on that date had 1,324,000 horses, of an average value of \$82, and total value of \$108,568,000.

This compares with the 1,394,000 horses of the year before, which were worth an average of \$94, and had a total value of \$131,036,000.

The 146,000 mules in Illinois the first of this year, had an average value of \$102 each, and a total value of \$14,892,000 as compared with 147,000 the year before, of an average value of

\$125 and a total value of \$18,375,000.

St. Clair county with 4,932 mules headed the state list for numbers, which with an average price of \$91.95 gave her the most valuable mule population, worth \$453,497. The highest average price demanded for mules in the state was \$167.69 asked in Woodford county.

McLean county had the highest horse population numbered at 36,154, but Iroquois county with its 27,832 and the banner price of \$133.28 per head, had the most valuable population. It was worth \$3,708,249. McLean county's horses were valued at \$2,987,043.

Duncan Murder Trial Attracts Big Throng

Woman Who Shot and Killed Harry Perry, Jr. on Christmas Eve Takes Stand in Own Defense—Little Daughter Questioned by Court—Jealousy Shown a Factor in Case

The temperature was near the 100 mark in the Morgan county court room yesterday but hundreds of people were there to listen to testimony in the trial of Mrs. Laura Duncan, who is charged with the murder of Harry Perry, Jr.

As the testimony of the day was given it was apparent that the jealousy of a woman scorned had much to do with the quarrels which preceded the tragedy of Christmas eve.

As a result of a demand on the part of the prosecution, Veda Winner, eleven year old daughter of Mrs. Duncan, was called to the stand by Judge Jones. This procedure has not been heretofore noted here. Under the law the prosecution has such a right. State's Attorney Robinson and Attorney Butler did not wish to call the child witness on behalf of the state but nevertheless wanted her interrogated by the court.

William N. and E. E. Hairgrove, attorneys for Mrs. Duncan, vigorously opposed this innovation but they were overruled.

Child's Story Given

After the little girl had told a somewhat confused story of the happenings at the Duncan home the night Perry met his death she was examined by both prosecution and the defense. The stories she told varied in some details from her testimony at the coronor's inquest.

It was late in the afternoon that the defense placed Mrs. Duncan on the stand to hear her version of the events which led up to the killing of Perry at her home last Christmas eve. Her

testimony was only partially given when court adjourned.

Other witnesses examined were Sheriff Weatherford, Deputy Sheriff Roach, Dr. G. R. Bradley, Mrs. Emma Bateman, Reuben Mapes, Ralph Cowdin, Charles Fiedler, John Suiter, Fred Perry, Clifford Gillis, Miss Daisy Perry, Miss Olga Perry, Harry Perry, Sr., Ernest E. DeFries, Cyrus Howard, Frank C. Doolin, C. H. Philles and Dr. A. C. Kingsley.

Veda Winner told the court that Perry came to their home on Christmas eve and entered without knocking and told her mother that he was looking for trouble. She said that her mother told her to go to bed and that she went into an adjoining room and went to bed. She said shortly afterward she heard a revolver shot and jumping from bed ran into the other room to see what the trouble was. According to her story her mother was leaning backward over a cabinet and Perry had hold of her, evidently trying to take a revolver away from her.

At another time the little girl said her mother came into the bed room and was standing just inside the door when she fired the shot at Perry, who was approaching her. The witness said that there might have been several shots but that she only remembered one. While at one time the child was nervous and overcome with tears, for the most part she was quite calm on the witness stand, tho not very responsive to questioning.

Mrs. Duncan Self-Possessed Witness
Mrs. Duncan, very calm in man-

ner, took the stand about 4:15 and the examination was conducted by William N. Hairgrove. When court adjourned at 5 o'clock it was apparent that not nearly all of the story had been told and the witness will no doubt be on the stand the greater part of this morning's session.

In answering preliminary questions Mrs. Duncan said she was 30 years of age and that she came to Jacksonville when she was about 15 years old. Her first marriage was to Harry Winner in 1904 and there are two children, Frances and Veda Winner aged respectively 12 and 11 years. She was subsequently divorced from Winner, whose death occurred in 1917. Her marriage to Claude Duncan occurred in 1913 and they were divorced at the May term of the Morgan county circuit court in 1920.

Mrs. Duncan said she met Harry Perry in 1917 at a dance at Nichols park and that she occasionally met him for several months afterward. Perry occasionally called at her home. He was married at the time but about two years ago was divorced from his wife. She said that she became engaged to Perry and that they had been married because sufficient time had not elapsed since her divorce to meet requirements of the law.

According to her story, Perry had moved some of his effects to her home on Davenport street. July 3, last, the agreement being that he should board there and pay a weekly board of \$8. She said that he had paid board for two weeks but after that gave her only small amounts of money. She maintained that shortly after that he began to abuse her and beat her when he would come to the house, altho she had frequently ordered him to stay away. She said that she would lock him out but that he secured a key and some source and let himself in. On one or two occasions she testified that he effected an entrance thru a window. On one night, according to the witness, when she refused to admit him he stayed all night on the back porch.

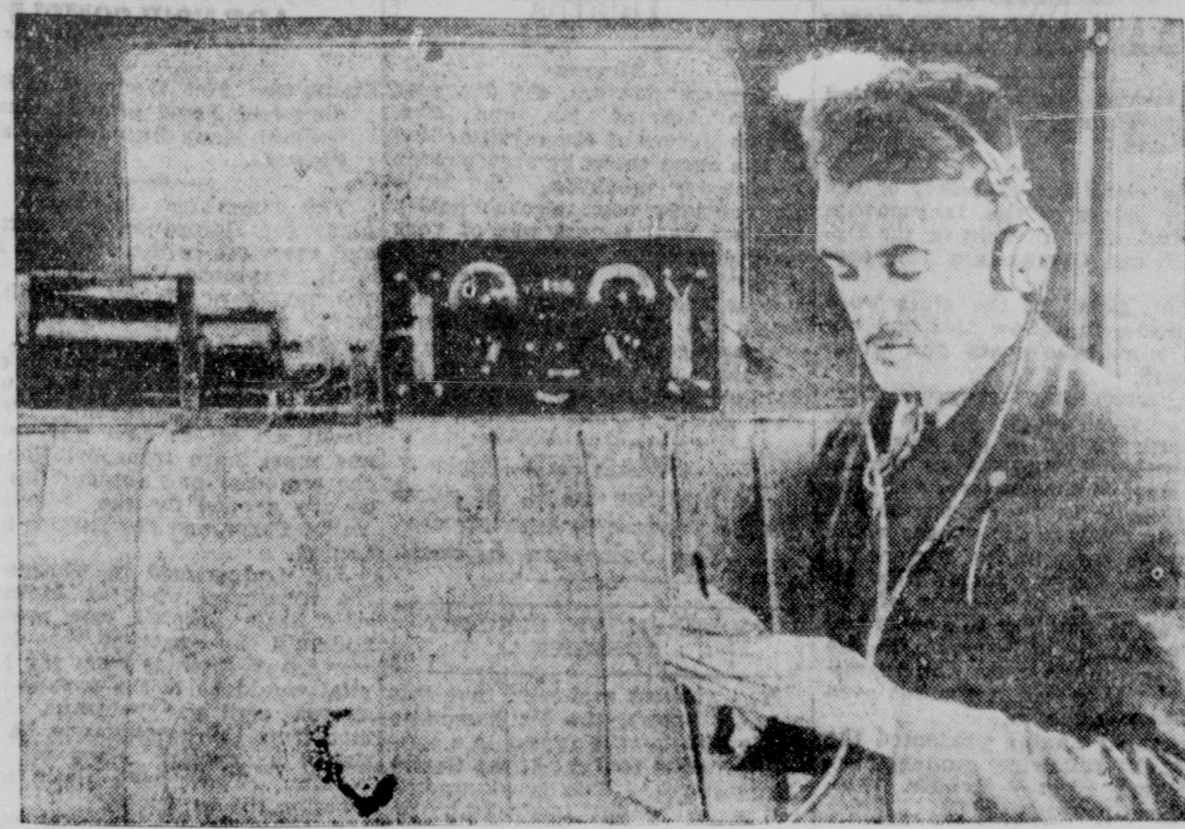

A Woman Scorned
Witness told of going into the office of the Cannon Commission Co. Oct. 14, where Perry was working. She said that she had an appointment with him and that as he did not appear she telephoned to the office three times. Then she went to the commission house and when she entered saw Perry in the inner office talking to the young lady stenographer.

She said that when Perry saw her he looked like a whipped dog. She asked him why he had not kept his appointment and told him she wanted him to stay away from her home and let her entirely alone. That day before returning to her home she purchased a revolver, the one which is in evidence and with which she shot Perry the night of December 24.

That night, altho she had told him to stay away, he came to the house and they had a wordy quarrel. The dates of subsequent differences were given and the witness said that Perry went to her home Dec. 17, when she was not there, took away his clothes and some articles which belonged to her, including pictures of a number of friends, a fur cape and muff.

She said that he also took away the revolver that she had purchased, altho he returned it to her Dec. 21. According to the witness, she went to the home of Perry's parents a mile north of the city and asked to see the son. She was met at the door by a sister of the young man and told that he was not at home. She asked if he had not brought his clothes there and the sister told her that he had not. The witness told of another visit to the Perry residence and said that someone came to the door and told her that young Perry was not there, but that she heard his voice and knew that he was at the supper table when she was at the door.

Testified Perry Burnt Furs
Mrs. Duncan also testified that Perry burnt the cape and muff that he had given to her after he took these furs from the house with other things. The witness then related about going to the Perry farm and meeting Perry in

A ROOM FOR PHYSICIANS: Is this portable, inexpensive wireless phone set, developed by three young men in Cincinnati. At a cost of about \$50 an enclosed car can be equipped with the set, which has a radius of five miles. If things happen sooner than was expected, Mrs. Jones can call the doctor's office. The doctor may be five miles away, but his housekeeper or nurse can "ring" him up, give him the news, and send him speeding to his patient. Power is supplied by the regular storage batteries of the car, and the set is grounded to the engine. Three copper wires stretched so neatly about corner posts on the roof that they look much like a "luggage rack," are the antennae.

the field, where he was shucking corn. She said that she told him in this conversation that she wanted the things that belonged to her but that she did not want him to come to her house again and wished him to leave her entirely alone.

Members of the Perry family had testified that at the time of this visit Mrs. Duncan stood talking to Harry with her right hand in her pocket and that once during the conversation she struck him on the shoulder. The witness said she might have had her hand in her pocket because it was cold and late in the afternoon but that she had no revolver or weapon of any kind in her clothing. She denied striking Perry on the shoulder, and said that at no time during their acquaintanceship had she struck him altho he had several times abused her and knocked her down.

At this point in the testimony the hour of adjournment came and Mrs. Duncan will take the stand again this morning.

The testimony of the officers related to finding of Perry's body at the Duncan home and the conversation with Mrs. Duncan at that time. Dr. G. R. Bradley, who examined Perry's body at the Gillham Funeral home, a few hours following the shooting, described the wounds which caused the man's death.

The October Incident.
Considerable time was spent by the prosecution in showing the facts about a visit made to the Cannon Produce Co. house on Oct. 14 by Mrs. Duncan who went there to see Perry. The testimony of witnesses showed that the defendant had gone to the produce company plant and while evidently in angry mood upbraided Perry for deceiving her. The evidence tended to show that Mrs. Duncan suspected Perry of being an admirer of a young woman employee of the company and thought that therein was the reason for his cool conduct toward her.

After the visit to the Cannon plant at the noon hour on Oct. 14 C. A. Fiedler testified that Mrs. Duncan came to the office about 2 o'clock to ask the name of the stenographer. Then she inquired where Perry was at work and an hour or so later Mrs. Duncan walked to the railroad yards near the Jacksonville transfer company building, called Perry to her and evidently upbraided him. Mr. Fiedler was there at the time and walking over to Perry and Mrs. Duncan told her that he wanted no more conduct of the kind so long as Perry worked for his firm.

It was on that same date that Mrs. Duncan purchased a revolver from John Suiter at Brady Bros. and said \$15 for the weapon. She said she wished the gun for protection as she was often alone.

The woman also purchased a box of 32 calibre cartridges. Clifford Gillis, another employee of Cannon Produce Co., gave damaging testimony as to the conversation between Mrs. Duncan and Perry in the yards near the transfer company plant. He said that when Perry failed to answer in a satisfactory way as to why he failed to meet her at noon, the woman said: "You are a— you— liar and if I see you tonight I will shoot you."

Went to Perry Home.

Fred Perry, a brother of Harry Perry, testified that on Dec. 17 he drove to Jacksonville with his brother and that early in the afternoon they went to the home of Mrs. Duncan on Davenport street. He said that Harry took a blanket from the back of the car, went into the house and came back with a bundle of clothes. He said that when they returned home that their mother helped Harry take the package into the house.

That evening the witness said that Mrs. Duncan came to the Perry home and that the following morning she came to a field where he, Harry and other members of the family were shucking corn. He said that Mrs. Duncan put her left hand on his brother's shoulder and said: "What made you do it?" The witness said that his brother replied, "O, I just thought I would come out and shuck some corn." She said "Why didn't you tell me you were going to?" He replied: "I did not think it would make any difference to you." "If you had just told me everything would have been all right," Mrs. Duncan answered.

The witness said that when

Mrs. Duncan put her left hand on his brother's shoulder that she put her right hand in her jacket pocket.

Miss Daisy Perry gave some further facts as to the visit of Mrs. Duncan to the Perry home on the evening of Dec. 17. She laid emphasis on the fact that while Mrs. Duncan was at the door she kept her right hand concealed. The attention of the young woman was then directed to Dec. 24, the day of the evening on which her brother was slain by Mrs. Duncan. She testified that seven or eight times that day Mrs. Duncan called on the phone and asked to speak to her brother. The witness said that she told Mrs. Duncan several times that her brother was busy and could not come to the phone. The witness said that on Dec. 17 when Mrs. Duncan called and asked if Harry was at home, she replied that he was not, altho she was aware that the young man was at home at the time.

Corroborative Facts.
The testimony of Miss Olga Perry, another sister, was corroborative. The testimony of Harry Perry, Sr., related to the 17th of December when the defendant visited the Perry farm. Ernest DeFries and Cyrus Howard were on the stand to testify as to seeing Mrs. Duncan walking north on the C. P. & St. L. tracks toward the Perry farm, and one of them stated that she wore a long black coat. Later Mrs. Duncan denied this and said that she had never possessed or worn such a coat.

The testimony of Frank C. Doolin and C. H. Philles related to a visit of Harry Perry to the office of Dr. A. C. Kingsley about two weeks before the tragedy. While in the waiting room Mrs. Duncan came in and said to Perry: "Get your hat and come on." When Perry replied: "What's your hurry?" she said, "I can wait as long as you can." The manner of Mrs. Duncan indicated that she was angry. In a short time the two went out together.

All thru the questioning by the attorneys for the state it was the evident purpose to show that Mrs. Duncan was angry with Perry, that she was exceedingly jealous, that the purchase of the revolver and subsequent happenings gave proof of her deliberate intention to kill the man. Attorneys for Mrs. Duncan seek to interpret the testimony of witnesses in a way which will show that Perry was an intruder at the Duncan home, that he had been ordered to stay away and that the woman acted in self-defense in shooting him.

J. H. S. SENIORS HELD CLASS DAY EXERCISES

Interesting Program is Carried Out—Principal Schafer Awards Letters.

The class day exercises of the senior class of the Jacksonville high school were held in the David Prince Gymnasium last evening.

The girls of the class wore middie with yellow ties and the boys wore blue coats and white trousers.

An interesting program was given by members of the class. Kenneth Barton in the class will bequeath the estate of the senior class to the juniors, and Miss Alice Carter in the class prophesied some of the events which may take place in the future.

Eugene Darr in an address expressed the sentiments of the class as he spoke of the opportunities which had come to the members of the class and regretted that they had not made even better use of them.

Principal Schafer presented the J's to the following students:

- Thelma Pires—Debate, valedictorian, average 96.1.
- Mary Sims—Debate.
- Helen Rose—Debate.
- Robert Furry—Debate, president of the Debate Society and the H-Y club.
- Harry Furry—Debate, representative in oratory, president of the Debate Society 1921-22.
- Howard Nicol—Debate, subscription manager for Crimmon J.
- Kenneth Barton—Debate, author of Class Will.
- Lee Baldwin—Debate.
- Eugene Darr—Debate, cheer leader, business manager of the Crimmon J.
- Chas. Smith—Quartet, piano, operetta.
- Eunice Harley—Quartet, operetta.
- Lois Harley—Quartet, vocal.
- Ruth Reynolds—Quartet, operetta.
- Lyndle Conboy—Violin.
- Paul Bolman—Extemporaneous speaker.
- Richard Hyler—Editor in chief of The Exhaust.
- Carroll Lander—Editor in chief of The Annual.
- Carl Sanberg—Cheer leader, member board of control.
- Frank Douglas—Track.
- Lee Henry Goebel—Track, basketball and football.
- George Houston—Track and field.

The record book of the senior class was passed on to the juniors by the president of the senior class, Frank Cohen. The president of the junior class, Reginald Reid, received the book and made the response.

Following the class song, Miss Gerneda Phelps and Edward Alexander presented a little trophy to each member of the class calling attention to some incident in their school life and affording much amusement for the members of the high school.

The quartet number, by Miss Eunice Hearle, Miss Ruth Reynolds, Ollie Parker and Carl Sanberg, the piano solo by Miss Ruth Bradley, the duet by Miss Eunice Hearle and Miss Ruth Reynolds and the solo by Ollie Parker varied the program and were enjoyed by the audience.

The last thing on the program was the presentation of a large framed picture of the graduating class. The picture was made and presented by Mollenbrok & McCullough and will be hung in the new high school building. Mr. John Baird made the presentation speech.

The class officers are: President—Frank Cohen. Vice President—Carol Lander. Secretary—Charlotte Hull. Treasurer—Leland Perbix.

The following program will be given: Class march—Mrs. L. Weeks. Invocation—Rev. J. R. Gibbons. Salutatory—Sadie Kloker. Vocal solo—Margaret Postlewaite. Reading, The Children's Hour—Helen Schnitker. Reading, Absalom—Helen Bridgeman. Chorus, Camp Fire Girls—Girls. Reading, Barbara Frietchie—Marcella Hierman. Vocal solos, A Memory; Little Orphan Annie—Lillian Lovekamp. PHILHARMONIC CONCERT TONIGHT

The greatest orchestra that this country knows, the Philharmonic of New York, will appear in a concert program tonight at the Grand Opera house.

Some facts relative to the selections as indicated in a musical review by W. H. Humiston, are given herewith:

Prelude, Choral and Fugue—Johann Sebastian Bach. (The prelude is not the "Fantasia" which belongs with the fugue. It is the one in C sharp minor, in the first book of the "Well Tempered Clavier.") but transposed to D minor, to fit better with the key of the fugue. The "Choral" is Albert's. It was written to fit in certain parts of the fugue and was then harmonized in Bach's style, and placed between the prelude and the fugue.)

"Culprit Fay." Rhapsody for Orchestra—Henry Hadley. Born at Somerville, Mass., Dec. 20, 1874. Lives in New York.

This work was begun at Mayence in April, 1908, and completed in the spring of 1909. It won a prize of \$1,000 offered by the National Federation of Music Clubs, the judges being Walter Damrosch, Henry E. Krehbiel, and Charles M. Loeffler. It had its first performance at the convention of the National Federation, at Grand Rapids, Mich., May 28, 1909, the composer conducting. The orchestra was the Theodore Thomas Orchestra of Chicago. The Rhapsody has been played in Chicago, Boston, New York, Cleveland, Cincinnati, Detroit, Memphis, Philadelphia, St. Louis and San Francisco, as well as in London and other European cities.

Death and Transfiguration. Tone Poem for Orchestra, Op. 24—Richard Strauss.

(This work was composed at Munich in 1888-89, and published in April, 1891. The first performance was given under the direction of the composer, at a convention of the Allgemeiner Deutscher Musikverein in the City Theatre of Eintracht, June 21, 1890. The score is dedicated to Friedrich Busch. On the fly leaf of the score is a poem by Alexander Ritter, which was written after the music was composed, at the request of Richard Strauss. Ritter was both a musician and a man of letters, he was a friend of Wagner's, whose niece, Franziska, he married, and was the teacher of Richard Strauss. The poem is a rather lengthy one, to be kept in mind during a performance of the music.)

Symphony No. 4, in F Minor, Op. 36—Tchaikovsky. Born at Volkovsk, Russia, May 7, 1840; died at Petrograd, November 6, 1893.

(Introduction, Andante sostenuto, F minor, 3-4 time; Moderato con anima, movimento di vaio, F minor, 9-8; II. Andantino, in modo di conzonna, B-flat minor, 2-4; III. Scherzo, Pizzicato ostinato, Allegro, F major, 2-4; IV. Finale, Allegro con fuoco, F major 4-4. This symphony was composed in 1877, and was first performed at a concert of the Russian Musical Society, conducted by Nicholas Rubinstein, in February, 1878. It is dedicated to his patroness and friend, Nadeshda von Meck, and his letters to her are full of references to it. In a letter from Venice, dated December 9, 1877, he speaks of "our Symphony" as the best work he has done so far. And in a letter from Florence, February 17, 1878, he gives a detailed explanation of it.)

FORMER RESIDENT TO WED IN COLORADO

A copy of a Tracy (Colo.) paper received here tells of the party recently given in honor of Miss Gladys Westlake, who is soon to become the bride of Charles DeFrates, former resident of this city. Mr. DeFrates is a son of Mr. and Mrs. A. M. DeFrates of this city and is now employed in a large lumber yard at Tracy.

Members of the Choral society were the guests at the party mentioned given at the home of Mr. and Mrs. F. W. Duffy. Elaborate arrangements had been made for this happy event and the Tracy newspaper said that the appointments were beautiful and that it was a very successful event. The marriage of Mr. DeFrates and Miss Westlake will be solemnized June 21 at the Methodist church in Tracy.

ROTARY CLUB LUNCHEON

Members of the Rotary club and members of their families will drive to the club house on Mercedosa Bay tomorrow for supper. The Rotarians expect to make the start in automobiles about 4:30 o'clock tomorrow afternoon.

John Rexroat of the north part of the county made the city a visit yesterday.

PLANS FOR PARADE ARE NOW COMPLETE

Committee Met Wednesday Evening and Fixed Line of March—Need Many Automobiles and Flowers.

The committee in charge of plans for Decoration day parade and exercises in the office of Dr. A. B. Applebee Wednesday. All the members of the committee were present and the line of march for Monday was fixed.

The committee wishes to emphasize the great need of automobiles for the parade. Practically all of the civil war veterans must have transportation to the cemetery and automobiles also are needed for the Woman's Relief Corps and the Service Star Legion.

Mr. Ledgerwood in charge of the vocational work at Jacksonville State hospital was present and told the committee that forty world war veterans from the hospital would be in the parade and sixteen civil war veterans. The men from the hospital will be assigned a special place in the parade. They have their own cars for the occasion.

L. A. Cain in charge of automobiles for the parade and W. T. Harmon, commander of Jacksonville Post American legion emphasized the fact that many automobiles will be needed. Mr. Cain can be reached by calling Illinois phone 376. He is anxious that there be plenty of automobiles and hopes there will be a ready response to this appeal.

The committee also called attention to the need of all citizens who have flowers to contribute them for the occasion. With the added graves of veterans of the World War to decorate as well as graves of Civil war and Spanish-American war veterans it will require more flowers than ever before.

All persons who have flowers to give may leave them at the Shoe Shop on the north side of the square, next door east of Tomlinson's clothing store. In case they have no way of getting them to the store, a call on Illinois phone 1616 will bring a Boy Scout to your residence who will take charge of the flowers. All flowers should be at the shoe shop not later than 8:30 o'clock Monday morning.

The line of march as outlined follows with L. A. Cain chief marshal and William Peters and Samuel Challiner as assistant marshals.

Head resting at intersection of West State and Church streets. Various units will then be assigned places by marshals on South Church street, West College avenue and West State street. The parade will then move east on West State street to the public square. Around the west, south and east sides of the square to East State street and east to Centenary church. The exercises at the church will last about forty-five minutes. The line of march will then be taken up out East State street to Jacksonville cemetery where the graves will be decorated and the exercises carried out at the soldier's burial ground.

The following is the position of the various units: Platoon of Police. Fire department. Members of city council. Civil war veterans. Band. Woman's Relief Corps. Spanish American War veterans. State hospital, World war and Civil war veterans. All ex-service men of world war. Service Star Legion. Boy Scout troops of city. Scout troops of School for Deaf in uniform. Pupils of all schools of the city.

CARTHAGE TO PLAY ILLINOIS TODAY

Coach Harmon received a long distance telephone message Wednesday evening that the Carthage baseball team would play here this afternoon.

The game had originally been booked for next week. Coach Harmon has several men on the team who are also on the track team and due at Decatur Friday for the preliminaries in the state track and field meet. He had written asking to have the game set for next week.

However, that is the week of examinations for Carthage so the team elected to come for the game today. Coach Harmon is in doubt about his lineup.

Fanning the star hurler of the team is to be married this evening. However, both the coach and members of the team are in hopes that he will hurl the game as it will be his farewell appearance on the athletic field for Illinois.

The game will be called at 3:30 o'clock with John Hagel holding the indicator.

Receives Bids for Furnishing Supplies and Equipment of New Building—No Action Taken Wednesday Evening.

The board of education met in called session last evening to receive bids on furniture and equipment for the new high school building. All members were present excepting Members Metcalf and Rapp; President Lippincott in the chair.

The following were the articles on which bids were to be received:

- A. Laboratory and vocational furniture.
- B. Steel lockers.
- C. Miscellaneous wood furniture.
- D. Miscellaneous office furniture.
- E. Class room and auditorium seats.
- F. Library equipment and method furniture.
- G. Gymnasium equipment.
- H. Printing equipment.
- I. Cafeteria equipment.
- J. Laundry equipment.
- K. Woodworking machinery.
- L. Sewing machines.
- M. Pianos and benches.
- N. Household furniture.
- O. Lighting fixtures.
- P. Window shades.
- Q. Stage equipment.

Architect Royer sent Mr. Smith as his representative.

There were no bids on sections H, L, M, O, and Q.

On the other classes bids were submitted by a number of local houses, Johnson, Hackett & Guthrie, Andre & Andre, W. B. Rogers, Pretty near all the bidders had with them samples of the goods they proposed to furnish and after the figures had been read the board adjourned to a room in the new building where the samples were placed and each representative was allowed to appear before the board and explain the merits of his goods.

The consideration required a long time and nothing definite was done as there was too much to be accomplished and the board desired to give the matter most thorough investigation.

Another meeting will be necessary to decide the questions. The goods furnished must be installed on a dready for use by the time school is to begin in the fall.

FORTY EIGHT MORE MEMBERS SECURED

Chamber of Commerce Drive Has
Netted More Than 350 Names
—Good Reports Expected Today.

Since the decision of a number of Jacksonville firms to whom quotas of plural memberships have been assigned is pending and since some of the teams were not recruited to full force, due to the fact that many of the workers were out of the city, the memberships subscribed yesterday did not quite meet expectations.

However, with the shifting of some teams, and returns on the plurals pending, there is reason to expect a good report tomorrow at the luncheon. At the noon luncheon yesterday, the executive committee and the workers present showed a determination to stick and put the goal over. With two more days to go and a total of 353 memberships to date, there is no doubt but what the goal of 500 will be attained.

Yesterday Rev. M. L. Pontius of the Central Christian church gave a very pointed and enthusiastic address.

Rev. M. Pontius pointed out that there were some things in a community worse than blindness and deafness, the habit of forever doubting, lacking faith in the community, and continually knocking. "Any good citizen should be able to go out and discover at least a dozen reasons why he should live in Jacksonville," the speaker said.

Mr. Pontius spoke of a city having a personality. Some of these characteristics are personal touch, character, conscience, moral consciousness, commercial consciousness and civic consciousness. The speaker's final thought was that there should be a genuine cooperation, a laying aside of petty differences and prejudices, and a working to the one big thing, the welfare of the entire community.

Below are listed the additional citizens who have decided to do their bit in furnishing Jacksonville, a modern, efficient chamber of commerce.

INTERESTING TRAVELERS
Mr. and Mrs. J. H. Lee, hailing from Springfield, arrived in the city on their way to their summer home and lodge in Montana. The lady and gentleman are truly cosmopolitan in their way, having traveled over a good part of the globe and lived in a number of places. They are delightful persons to meet, not at all vain over their experiences but with a rich fund of personal history to narrate. They have trodden the sands of Egypt, have admired the shrines of Japan, wandered all over Europe, viewed South America and have also seen their own land thoroughly. They are traveling in their automobile but are not camping.

Many years ago Mrs. Lee developed a bad case of lung trouble so that her life was well nigh despaired of but travel and different climates have served to put her in fine shape again.

RAINS FELL YESTERDAY
A gentleman who drove to Jacksonville from Springfield yesterday said a few miles east he encountered deep mud. At Ashland a good rain fell and at Jacksonville rain was reported. Rain has been declared to fall on the just and the unjust so it would seem that it is now the turn of the just near Jacksonville.

Misses Rowena and Mabel Ward and their aunt, Miss Sarah Miers of Ashland, returned Wednesday from a pleasant visit with relatives and friends in Broadlands and Allerton, Ill.

CONCORD

Born to Mr. and Mrs. N. C. Caldwell Sunday, a daughter, Helen Margaret. Both are doing well.

J. G. Wester was on the sick list on Sunday. His son Hubert and family visited there on Sunday.

Mr. and Mrs. Omer Brockhouse of the vicinity of Meredosia were Sunday visitors at the home of Sam Brockhouse.

Verna Morris, who is attending school at Arenzville was visiting her mother, Mrs. Elsie Morris on Sunday.

Mr. and Mrs. Gerbing and son of Brown county, were Sunday visitors at the home of A. J. Wheeler and family.

Miss Louise Schnake of Beardstown visited her niece Miss Blanche Wheeler recently.

Leland Henderson of 460 South East street drove down from Jacksonville on Saturday evening after his father. He started from the oil station with just 9 gallons of gasoline and upon arriving at the farm 15 miles distant his gauge still read 9 gallons. Whoever expected a Ford to run on air alone? They expect to drive to Eureka next Sunday if the weather and roads are good at that time.

An ice cream social will be given here next Saturday evening by members of the M. P. church.

Elva Wheeler has been visiting relatives in Brown county and returned on last Sunday.

Walter Bobbitt and family of Chapin have returned from California where they spent the winter. In conversation with the writer Mr. Bobbitt stated that they spent one night on the return trip with our former minister, C. Q. Cantrall at Hooker, Oklahoma. They attended church there and heard him preach. Mr. Bobbitt traveled 8,000 miles altogether and used up a number of tires. Hooker is a nice western town, has a good many business houses, but their shade trees are not in evidence yet.

Total Amount Now Reaches \$987,000 Mark—Within \$13,000 of Commencement Day Goal.

Only \$13,000 remains to be raised by June 7th before the million dollar endowment mark is reached at the Illinois Woman's College. Gifts amounting to \$10,000 have been announced this week. Yesterday Dr. Harker announced a gift of \$1,000 from Helen DeWitt, a former student. Miss DeWitt was the president of the students' association in 1916, but was forced to leave school because of ill-health. She is now living in Colorado, but is still loyal to the college as her gift of yesterday gives ample proof.

WASHINGTON WON FROM CHICAGO 10-5

Senators Broke Even with White Sox by Taking the Final Game of the Series—Wilkinson's Passes Were Costly.

Chicago, May 25.—Washington broke even on the series with Chicago today by winning the final game of the series, 10 to 5. Wilkinson was hit hard and his passes were costly, while Pence was so wild that he forced a run and walked two more men who scored after he was replaced by Hodge. Mogridge was hit hard but his teammates came to his assistance by fielding sensationally. Washington AB R H O A E

COLLINS IS REAL BASEBALL HERO

Has Been Selected by American Legion as Player Representing True Americanism.

Chicago—Eddie Collins, captain of the Chicago White Sox and nationally famous ballplayer, has been selected by Chicago American Legion posts as typifying the real American baseball hero.

The legion posts recently decided to select some one representing true Americanism as well as athletic proficiency to autograph a baseball which would be auctioned to raise funds for disabled soldiers. Collins was chosen and Commander John G. Little, Jr., of the Roosevelt post, in making the announcement said: "We are admirers of the ball player of the Collins type. He was past the draft age in 1917. Even had he been within the draft age, he had a family dependent on him, and easily could have gained exemption. On the other hand he could have obtained any number of swivel chair jobs in Washington or he could become a camp athletic instructor. Instead, he enlisted as a private in the marines and was promoted to the rank of corporal for loyal service. He passes up the soft jobs to endure the hardships of the toughest jobs in a real man's army and never murmured."

SPRINGFIELD MAN IS RUNNER UP

Philadelphia, May 25.—George W. Hoffman, former holder of the Philadelphia Amateur Golf Title, today won the championship of the paper trade golf association by defeating Philip W. Simons of Springfield, Ill., a former Harvard star, 6 and 5, in the final round. In the semi-final Hoffman defeated Fred T. Burkhardt of Holyoke, Mass., while Simons beat E. F. Fry of Philadelphia.

Daniel Detrich was a city representative of Concord yesterday. T. F. Blair of Pearl was among the city visitors yesterday.

Young Faces Often Disfigured By Impurities of Blood

Few boys and girls pass through the period from 14 to 20 without being afflicted with pimples, blackheads, rashes, or other skin eruptions. These conditions are nearly always due to disordered or impoverished blood, but are often mistaken for serious diseases, and the afflicted one is shunned by acquaintances.

Don't let your boy or girl suffer needlessly. Start at once to clean the blood out and keep it so! That's the way to insure a clear complexion, sparkling eyes, and a light, springy step!

USED 50 YEARS
S.S.S.
FOR SKIN TROUBLES
AT ALL DRUGGISTS

Good blood is the very foundation of good health, and thousands have gotten it by taking S.S.S., the famous old vegetable remedy of fifty years' standing. Start your boy or girl taking S.S.S. today! It has restored health to the cheeks of many a young person.

You can get S.S.S. from your druggist, and if you write us about any special problem of your boy's or girl's health, we will gladly give you expert medical advice free. Address Chief Medical Advisor, 830 Swift Laboratory, Atlanta, Georgia.

OF COURSE THE AMERICAN POLO STARS NEVER GAVE THIS "PASTIME" A THOUGHT WHEN THEY SAILED FOR ENGLAND

Captain Milburn and two of the other American polo stars now in training at Sunbury, England, in preparation for the matches with England's finest, partaking of some—we don't know just what, but with Johnny Siphon on the job we kinda have our suspicions; at the termination of a trial match.

CLEVELAND TAKES THREE STRAIGHT FROM BOSTON

Winning Run Scored in Ninth After Two Were Out—Indians Release Pitcher Petty to Indianapolis.

Cleveland, O., May 25.—Cleveland made it three straight from Boston taking today's game 3 to 2. The winning run was scored in the ninth after two were out. O'Neill singled, went to third on Johnston's pop fly which fell safely in center and scored on Graney's single.

Pitcher Jess Petty, a southpaw pitcher was released by Cleveland to Indianapolis today.

ONLY ONE AMERICAN SURVIVES IN PLAY

F. J. Wright Only Remaining Yankee Player in British Golf Tournament.

Hoylake, May 25.—After defeating the veteran ex-champion, John Ball of the Royal Liverpool club, on the home course today, F. J. Wright of Boston is the only American remaining for the sixth round of the British golf championship tournament tomorrow. Wright had previously taken the measure of his teammates, W. C. Fownes, Jr., of Pittsburgh, winning from him in the fourth round, 3 up and two to play.

He won against Ball in the fifth round four up and three to play. The day started with five transatlantic survivors, including the Atlanta star "Bobby" Jones, who fell before the prowess of Allan Graham, of the Royal Liverpool club, 6 up and 5 to play. J. H. Douglas of Texas, a student at Cambridge, altho playing brilliantly was finally worsted by Ball in the fourth round on the nineteenth green, while Dr. Paul Hunter of Los Angeles, the California amateur champion, went to the fifth round only to lose to B. Darwin of Woking, two up and one to play.

BASEBALL FANS TO HONOR FRANK BANCROFT

Will Erect Bronze Memorial at Redland Park Cincinnati—Subscriptions Limited to One Dollar.

Cincinnati, May 25.—With their dollars the baseball fans, players and writers will erect a bronze memorial at Redland field, the home of the Cincinnati National League club, for the late Frank C. Bancroft, who, for almost thirty years was the business manager of the club. The subscriptions are limited to a dollar and close to \$800 has been raised. The memorial tablet upon which will be briefly inscribed the history of Bancroft's long connection with the national game will be inserted in the grand stand wall at the ball park and in a position where almost every fan can read it. The subscriptions have come from men in all walks of life who esteemed Bancroft for his many excellent qualities.

Every player in the National league, even youngsters who have just come up into fast company contributed a dollar each. Subscriptions were also received from players in the American league. Actors who were the recipients of the useful free gate courtesies at the hands of Bancroft at home and abroad, were subscribers. The date for the unveiling of the memorial has not been set.

Huston and Col. Jacob Ruppert, owners of the Yankees, Samuel Sloan, Fred Grant, an attorney, and W. B. Cardoza. Standing behind the Yankee owner is E. G. Barrow, business manager of the team.

SPORT BRIEFS

Indianapolis—Percy Ford had a narrow escape while practicing for the Memorial Day 500-mile race when a wheel of his car flew off.

Columbus, O.—Bob Martin knocked out Ned Carpenter of Milwaukee in 21 seconds.

New York—Dan O'Dowd, received the judge's decision over Captain Bob Roper in fifteen rounds.

Cleveland—Tris Speaker, manager of the champion Indians will be out of the game for probably a week. He was struck on the wrist by a ball pitched by Herbert Thormahlen of the Boston Red Sox Monday, which caused a fluid to collect in the joint.

Cleveland—The Boston Red Sox pitching staff has been augmented with the arrival here of Allan Sothoron, formerly with the St. Louis Browns, obtained through waiver.

Detroit—First Baseman Griffith of the Philadelphia Americans suffered a dislocation of the shoulder in the fifth inning of yesterday's game here while sliding back to third base. He was the second Philadelphia infielder injured in the series. Galloway, shortstop, collided with Blue on Monday and injured his right wrist.

New Orleans—Pete Herman, former bantam-weight champion will sail for England, June 14 to meet Jimmy Higgins, champion of France in a 20 route battle, according to a dispatch received here.

Philadelphia—Entries from New York and Massachusetts for the interstate one mile relay race, one of the features of the American Legion field day to be held June 14, were received today. It also was announced that a Canadian team, representing the Great War Veterans' association would compete in the event, giving it an international aspect.

New York—Italy will enter the field of international six metre yachting racing, according to word received here from Rome. The first races for the new trophy will be sailed over a Mediterranean course next spring and special invitations will be extended to both American and English yachtsmen to compete.

New York—George Engle, manager for Harry Greb, Pittsburgh, light heavy-weight announced here today that the fighter would be available as a sparring partner with Jack Dempsey, should the champion want him.

Minneapolis—Stanislaus Zbysko, heavy-weight wrestling champion, and Henry Ordemann, Minneapolis, will meet in a match here June 12.

DE PALMA MAKES NEW INDIANAPOLIS RECORD

Drives Car at Rate of Over 101 Miles an Hour in Speed Trial—Draws Pole in Decoration Day Race.

Indianapolis, Ind., May 25.—Ralph DePalma broke the track record for 183 cubic inch piston displacement cars on the Indianapolis Motor Speedway this afternoon qualifying for the international 500 mile race to be held Monday. His average speed for ten miles was 101 miles per hour.

L. L. Corum gave the 12,000 spectators a thrill when his car turned around end for end three times and crashed into a wall. His exhibition of driving in a crisis brought cheers from the stands. Neither he nor his mechanic were injured.

By virtue of his fast time, DePalma gets the pole position for the start of the race.

L. A. Evans of the Illinois Agricultural Association was at the Farm Bureau office yesterday inspecting the books. He is the membership auditor for the association.

Leroy Hammond was one of the city arrivals from Mercedia yesterday.

Three Eye Results

BUNCHED HITS AND ERRORS. WIN FOR TERRE HAUTE.
Cedar apids, Ia., May 25.—Two errors and six hits, one of them a double and one a triple gave Terre Haute seven runs in the second inning today, enabling them to win, 8 to 5. Daily Market Report

STOCK MARKET

RALLIES AT CLOSE
(By The Associated Press)
NEW YORK, May 25.—The
stock market today experienced
three distinct phases. It opened
with an irregular tone, developed
general heaviness during the in-
termediate period and ended
with rallies of 1 to 4 points in
which many losses were fully re-
trived.
Adverse factors included re-
ports from important industrial
centers of further slowing down
of operations. These conditions
applied especially to the steel and
iron trade and rubber tire pro-
duction.
Ralls were dormant most of
the day but featured the rebound
of the final hour. Sales amount-
ed to \$25,000 shares.
Little or no relief from pre-
valing money conditions was
evinced by rates for call and
time funds. On the exchange all
demand loans were made at 7
per cent, the firm tone being
ascribed to further withdrawals
of reserves by local and in-
terior banks. Foreign exchange
was reactionary especially sterling
or British remittances, these
falling to \$3.93 3/4.
Liberty bonds closed at vari-
able gains.

SPECTACULAR UPTURN

IN PRICE OF WHEAT
By Associated Press.
CHICAGO, May 25.—Specta-
lar upturn in the price of
wheat today resulted largely
from announcement of severe
crop damage in Missouri. May
delivery, in which business was
light so far, nearly 100 above the
highest previous record this
season. The market closed un-
settled, at
